

The French Touch is a state of mind. Rooted in French *savoir-vivre*, it reflects a desire to make each product unique. Particular attention is given to design to ensure the elegance, technicality, ergonomics and practicality which characterize French products. The importance given to reducing the ecological footprint is another of the core values of the French Touch.

If you are looking to give meaning, offer a warm welcome, surprise and enchant through your difference and good taste, this catalogue is a gold mine of new ideas, developed by the women and men of our teams in France to captivate your guests.

And if you are looking to give meaning whilst being more responsible, we have designed our products in an eco-responsible way, all the way through to transport, and including strong reforestation initiatives.

Meaning also signifies products which are easy to clean for the well-being of your teams: in developing sustainable accessories, we obviously considered their maintenance conditions.

You will discover products here but beyond that, we hope to enter into a dialogue with you. So please don't hesitate to call us or send us a message. Wherever you are in the world, we have someone nearby, and we are always here to talk and listen... Together, we can move forward.

Oh, and if you're wondering who the "we" of JVD actually are, we are a modestly sized team of people who share the same enthusiasm, know-how and taste for innovation. Each of the professionals at JVD and myself are proud to usher you into your perusal of this catalogue.

THE AMERICAS.

See you soon!

Thierry Launois
Managing Director

## INNOVATION IN THE SERVICE OF WELL-BEING

The strength of JVD resides in our provision of accessories adorning hotel rooms around the world for more than 30 years. JVD accessories help to personalize hotel rooms, giving them the final touch to ensure guests' well-being. Accessories are what truly make a difference.

## VALUES AND TALENT

#### SMAR1

Our products are designed to be used by anyone, from children to maintenance personnel to people with reduced mobility. Not only are they suited to their environments but they are also safe, practical and ergonomic.

THE JVD GROUP
HAS OPERATIONS
AROUND THE
WORLD THANKS
TO LOCATIONS IN
EUROPE, ASIA AND

#### **ECO-DESIGN**

Beginning with the design phase, JVD products are made to minimize their impact on the planet. From packaging to power consumption, each detail is carefully conceived to preserve the environment.

#### **RESPONSIBLE ENGINEERING**

With paper and energy usage reduced as much as possible, fewer components and a low wattage required to switch them on, our products are eco-responsibly designed and produced.

## SERVICE **ORIENTATION**

Customer satisfaction is part of JVD's DNA. And so our teams work hard to guarantee impeccable quality, short turnaround times and flawless customer service.

## **DESIGN**

10 years ago, JVD created its own Design Department. Our teams devise products which embody the spirit of the French Touch.

## **RESEARCH & DEVELOPMENT**

Managed internally by our R&D Centre, each of our products is designed in accordance with our ongoing strategy of pursuing innovative solutions. Elegance, design and ergonomics are the keys to a successful product.

## **OUR HISTORY**

# THE CUSTOMER EXPERIENCE AWAKENING THE SENSES

In fashion and hotels alike, accessories are what make the difference. JVD arranges each room to give it its own personal character through accessories which are innovative, elegant and useful. In this way, a hotel room can be a real living space, offering a singular experience, where guests can rest and prepare for the following day. We offer a whole range of accessories to accompany those moments and transform your hotels into havens of peace.

Discover:
THE HOTEL
EXPERIENCE

## SILENCE IS GOLDEN

Our minibars are 100% silent to guarantee absolute comfort for our users. Powerful yet quiet, your guests will forget they're even there.

## JUST LIKE DAYLIGHT

Without natural lighting, getting ready in a bathroom is never an easy feat. Our range of mirrors was designed to simplify your guests' lives.

## **SMELL THE DIFFERENCE**

Olfactory marketing has got past its early days, and the importance of a place's scent has been well established. In your hotel's foyer or its common areas, or for a gentle wake-up with Sensorwake, treat your guests to a unique experience.

## **TOUCH ON SIMPLICITY**

Our easy-to-use hair dryers simplify your guests' daily routines with a feeling of robustness and gentleness in handling, a concentration of technology and a design which leaves no one indifferent.

## **FOR EVERY** TASTE

For a cup of tea on arriving in the room after hours on a plane or a quick coffee before jumping on the subway, discover our trays, kettles and espresso machines suited to any wish, any moment and any style.

## COMMITMENT TO RESPONSIBILITY

Eco-responsibility has been one of JVD's pillars from the very beginning. The company's commitment on this subject only grows stronger every day and now concerns each of its different levels. JVD is dedicated to the idea of transmission and makes it a point of honour to play an active role in an ecological transition which looks out for everyone's well-being.

## BORN TO BE GREEN

You might think we're mad but, if our products lasted 20 years without you having to replace them, we would be thrilled!

At JVD, we design quality products meant to withstand the test of time.

1

#### **WORKING AND PRESERVING**

We have always been convinced that the strategy of today should be to improve the future of tomorrow. All the teams at JVD strive actively to think of everything and to make a real difference. From design to manufacturing, transport to use and customer service to recycling, we know that each detail counts.

2

#### ECO-DESIGN

Kettles which come in smaller sizes help to reduce water usage, minibars fitted with a heat absorption system which generates no greenhouse gases, and trays made of FSC certified wood (from sustainably managed forests).

## CONTENTS

#### **RAW MATERIALS AND PARTNERS**

Eco-responsibility also concerns our choice of raw materials and partners. Whenever possible, we prioritize partners located as close as possible to our production unit so as to reduce the environmental impact of our transport. For years, we have been striving to ensure that expertise endures and so encourage our suppliers' capacity for innovation. Out of concern for our social impact, we work with associations from the social and solidarity economy.

#### **MANUFACTURING**

All our waste is sorted and collected before being sent to a treatment and recycling centre. For example, we reuse our suppliers' cardboard boxes for our shipments, and we grind used paper and then use it as wedges for our shipped products. What about the rest? It is recycled or reused by other companies in the region!

## LOGISTICS

Our packaging is designed with a twofold objective: to protect the integrity of the transported goods and to serve as an installation diagram. These simple, sensible optimizations further reduce our carbon footprint.

#### **COMBATING PLANNED OBSOLESCENCE**

At JVD, our products are designed and tested to be repairable and to repair them. Our appliances' spare parts are available for 10 years. Quality products meant to work and be used for the long term.

## **CHOOSING THE RIGHT**

## HAIR DRYER

# AN ESSENTIAL ACCESSORY

Long obligatory at 4-star and higher hotels, hair dryers are now becoming increasingly crucial for any hotel. According to a study by the CMHF (Committee for the Modernization of French Hotels), hair dryers are appreciated by more than 2/3 of the surveyed guests. They are the bathroom accessory which guests miss the most when not available. Additionally, the CMHF revealed that: "Guests, particularly female guests, are very fond of them. It means they do not have to bring their own, which is necessarily impractical when travelling."

#### **APPRECIATED**

BY MORE THAN 2/3 OF SURVEYED GUESTS

## CONSTRAINTS SPECIFIC TO HOTELS

A hotel's hair dryers are not subject to the same constraints as hair dryers marketed to the general public. Outside the strict standards which must be met, hotel hair dryers may sometimes be used in unintended ways (theft, to dry clothes, shoes, etc.). And so they should be designed to limit those uses (e.g. JVD LighTouch handle, timer, anti-theft protection, etc.). They should also fit stylishly into bathrooms by means of a dedicated support which can also be used to offer shaver sockets suitable for an international clientele.

DESIGNED TO LIMIT UNINTENDED USES

## A QUESTION OF POWER?

Contrary to preconceptions, the choice of a hair dryer is not a question of power. Although power can be a good indicator, some appliances are designed to yield a superior quality of drying despite having less power and so using less energy. In addition, very hot, powerful drying is not suitable to all hair types. As a result, it is important to offer solutions to guests which allow them to adjust the speed and heat of the hair dryer.

#### **SOLUTIONS**

WHICH ALLOW GUESTS TO ADJUST THE SPEED AND HEAT OF THE HAIR DRYER.

## IONIZER – IONIZING SYSTEM

Some hair dryers include an ionizing system. The generated ions neutralize the static electricity that can appear on hair while drying it. This lower temperature system greatly improves the speed of drying.

THE GENERATED IONS NEUTRALIZE STATIC ELECTRICITY

# **VOLUME AREA 2? VOLUME AREA 3?**

To protect your guests against the risk of electrocution, standard NF C 15-100 defines the required distance between electrical appliances and the main water tap (bathtub or shower). Only hair dryers with hoses can be installed close to them (volume area 2). All other devices must be installed in volume area 3.

## **RANGES OF IAIR DRYERS**

With their modern design, innovative technology, and classic or hose format, our broad range of hair dryers is suited to any environment, any universe and any bathroom.

- · 6 drying settings
- Ionizing system
- Compact
- Wall support

# ON/OFF RANGE

An on/off button and more classic design mean there are no surprises here. The hair dryers in this range make guests feel like they're home.

## LIGHTOUCH **RANGE**

A unique modern design,

dynamic forms, and a wide selection of colours and powers make the products in the LighTouch range musts in the world of hotels.

- Patented LighTouch® handle
- Ionizing system
- Large colour palette
- · Broad range of suitable wall supports
- 6 drying settings

## LIGHTOUCH HANDLE

The LighTouch handle is a concentration of technological innovation. It switches the hair dryer on by simply gripping it. For a feeling of robustness and gentleness, discover the hair dryers in our LighTouch range.

## LIGHTOUCH **RANGE:** ALTEO, BRITTONY,

## HOSE RANGE

A must for any environment with significant electrical safety constraints, this range successfully combines a timeless design with compact dimensions to make a place for itself in any bathroom.

- Safety
- Comfort

## LIGHTOUCH® RANGE

## AIR DRYERS

The LighTouch range was designed to respond specifically to how hair dryers are used in hotels. The patented handle has already won over thousands of hotels around the world. The many different options in terms of power, colour and support ensure that we have the right solution for any environment.

Our mirrors are the result of a special alchemy melding innovation, performance and design. They invite guests to enjoy a unique experience with complete simplicity.

## NO ELECTRICAL CONNECTION REQUIRED

Our Cosmos, Galaxy and Eclips mirrors run on a lithium battery and a 3 minute auto-off system ensuring longevity of 3 to 5 years. Offering complete electrical safety, they can be installed in any volume area of the bathroom

## TILTABLE **TO ANY ANGLE**

Thanks to their double or triple rotational axis, our mirrors offer your guests the best possible reflection.

## **DESIGNED AND MADE IN FRANCE**

Concocted by our Design Department specifically for use in hotel bathrooms, our illuminated mirrors are made in Nantes (France).

## A WORD FROM THE DESIGNER

Mirrors invite us to enter a new dimension. The magnifying function of a mirror allows us to enter into a universe where everything is bigger. I wanted this voyage to take us even further, so I drew inspiration from flying saucers in designing this mirror. I added a revolutionary battery operated "motor", unique on the market. I structured the whole thing around a chrome base, to which I added a ring of light like the ones around Saturn. And lastly, I added an almost magical capacitive switch.

Jean-Guy de Russé

## ECO-RESPONSIBLE

Our illuminated mirrors are fitted with LED lighting to maximize their lifespan without having to change the bulbs and to reduce their energy consumption.

## **COSMOS**

## AN ADJUSTABLE, FLEXIBLE CONCEPT WHICH MAKES IT EASY TO CONVERT A BATHROOM THANKS TO REMOVABLE AND INTERCHANGEABLE ELEMENTS.

Comprising removable and interchangeable elements, this range enables the evolution and conversion of bathrooms, easily and without any technical work, based on individual needs, to switch from a classic shower space to a comfortable, safe space accessible by people with reduced mobility. The adjustable, flexible aspect meets the constraints facing hotels, retirement homes and municipalities, where the bathroom can be used by anyone. The design of the proposed products also has a non-stigmatizing effect thanks to the universal aesthetics.

## REMOVABLE / INTERCHANGEABLE ACCESSORIES

## **SAFES**

JVD safes are synonymous with peace of mind. Your guests have access to a robust, secure solution for their belongings. You have JVD solutions and service for the simple, easy management of your safes.

## ILLUMINATED

Our safes are designed with a backlit keypad and interior lighting to make it simple and easy to use.

## **SECURE**

Our safes are fitted with an electronic anti-aggression mechanism & are blocked for 15 minutes after 4 failed attempts.

## A WORD FROM THE DESIGNER

**PRACTICAL** If your guest loses their code, our safes can be unlocked using a key

or a remote control.

Fortress is a new safe created to be effective. It is the fruit of an obvious design. To reflect a spirit of tradition and to provide reassurance, a very simple general design was created: a circle in a rectangle, the very symbol of a safe.

Thanks to a very refined treatment of the design, the product possesses a very modern, timeless dimension. Two other strengths make the product rather ingenious: the very discreet grip to the left of the front plate and a slightly tilted keypad to improve ergonomics when the product is installed at a low height.

Jean-Guy de Russé

## **SMART**

Thanks to the remote control, it is easy to view a history of actions (records of the dates and times when the safe was opened) and to unlock the safe.

## **FORTRESS**

NEW

#### **PRODUCT ADVANTAGES**

- Cost-effective
- Code locking
- Can accommodate a 14" or 15" laptop computer

## CHARACTERISTICS

- Locks with a 4 to 6 digit code
- Blocked for 15 minutes after 4 incorrect attempts
- Lock release and control device for hotel management
- Power supply: 4 LR6 (AA, 1.5V) batteries
- Warning when the batteries run low
- Closes with 2 steel bolts (Ø 20 mm)
- Secure attachment: 4 points at the base and 2 at the back
- 2 year warranty with lifetime support Inner dim. (14" / 20 L):
- Inner dim. (14" / 20 L): 350 (L) x 190 (H) x 315 (D) mm

## **WELCOME TRAYS**

Elegance, design and ergonomics: the threefold expectations which inspire our products. Over a cup of hot chocolate, tea or coffee, each moment becomes a time of comfort, relaxation and well-being.

## TRAYS

The essential accessory to showcase your welcome products and to put the final touch of design on your rooms. Our broad range of trays made of wood, leather or melamin ensure there is something to suit any environment. With the possibility of incorporating the base of one of our kettles, they combine to form a perfect whole.

## A WORD FROM THE DESIGNER

In recent years, we have witnessed a profound change in hotel room design. We have shifted from often stereotypical settings to places for experiences. For guests, the time spent there should be atypical, personal and sometimes even surprising. Our products' design further contributes to this new trend. Arranged in increasingly varied environments, they add their own aesthetic touches whilst either fitting in seamlessly or boldly standing out. Naturally, in addition to their decorative aspects, each object must also offer services specific to a hotel room, in a way which is efficient, robust, safe and faithful to the hotel's philosophy. They should be simple, universal and ergonomic in their use. Our products are inspired by this twofold expectation of practicality and aesthetics.

Jean-Guy de Russé

## KETTLES

Developed wholly in France by our Design Department in a combination of functionality, elegance and clever technology, our kettles will be able to accompany your guests' morning wake-up routines and moments of relaxation. Conceived specifically for hotels, they are also easy on your teams.

## **ESPRESSO MACHINES**

Our machines are designed to offer a simple solution which will make delicious espresso for your guests. No need for a dedicated space: thanks to their small size, they can fit anywhere. The options offered by our espresso machines provide something for any urge, any moment and any guest.

## **VIVO IRONING SET**

# REF 8 66 1124 Ironing Board

REF 8 66 923 Vivo II Iron 2000 W Dark Grey

### + REF 8 66 1117 Premium Iron Wall Support + Board Wall Support

**PRACTICAL** IRON SUPPORT TO MOUNT ON THE WALL OR ATTACH TO THE BOARD

**SAVES SPACE** WITH THE WALL SUPPORT

**EASY TO STORE** 

## **PRODUCT ADVANTAGES**

Safe: irons shut off after 30 seconds in a horizontal position or 8 minutes in a vertical position

Practical: 2.8 metre cord is easy to store thanks to the JVD Smart Wrap system

Resistant: covers which can withstand temperatures in excess of 310°C

## CHARACTERISTICS

## VIVO II IRON

- 220-240 V 50/60 Hz 2000 W
- Anti-limescale and self-cleaning function
- Ceramic sole with a surface of 279.6 cm<sup>2</sup>
- Functions: steam and spray
- Temperature range: 150-220°C
- 2 year warranty
- Weight: 1.1 kg
- Dim.: 120 x 300 x 150 mm

## IRONING BOARD

- Designed to optimize space
- 4 adjustable heights, 4 anti-slip pads
- Auto locks when the board is folded
- Dark grey elasticated cover with fibre padding - Frame and legs made of glossy black steel
- Board dimensions: 980 (L) x 340 (D) mm
- Folded dimensions: 340 (L) x 1230 (H) mm

## **VENUS IRONING SET**

### **PRODUCT ADVANTAGES**

Safe: auto shutoff irons

Practical: 2.8 metre cord is easy to store thanks to the JVD Smart Wrap system

Resistant: covers which can withstand temperatures in excess of 310°C

### **CHARACTERISTICS**

### VENUS II IRON

- 220-240 V 50/60 Hz 1200 W
- Anti-limescale and self-cleaning function
- Teflon sole with a surface of 177.5 cm<sup>2</sup>
- Functions: steam and spray
- Temperature range: 150-220°C
- 2 year warranty
- Weight: 0.87 kg
- Dimensions: 130 x 250 x 100 mm

### IRONING BOARD

- Designed for hotel use
- 4 adjustable heights, 4 anti-slip pads
- Auto locks when the board is folded
- Silver elasticated cover with fibre padding
- Frame and legs made of glossy white steel - Board dimensions: 968 (L) x 330 (D) mm
- Folded dimensions: 365 (L) x 1265 (H) mm

## MINI IRONING BOARD

# → REF 8 66 1603 Mini Ironing Board

## **PRODUCT ADVANTAGES**

Mini ironing board:

- Easy to use
- Easy to store
- Saves space

- Tray made of expanded zinc-coated metal 800 (L) x 320 (D) x 100 (H) mm
- Folded dimensions: 2 small folding legs of zinc-coated metal
- Standard Pirola cotton cover
- 6 mm foam lining
- Maximum resistance: 5 kg

### AN AWARD-WINNING INNOVATION

## **PRODUCT ADVANTAGES**

- First scented sensory alarm
- Choice of 5 fragrances created and manufactured in France
- Non-repeatable alarm
- Optional anti-theft solution

### **CHARACTERISTICS**

- Power supply: 230 V 50/60 Hz
- Backlit on/off buttons
- 5 melodies
- 5 volume levels
- Non-repeatable alarm
- Backup battery
- Range of 5 scented capsules (Chocolate, Jasmine, Forest's Edge, Cappuccino and Mint) made in France
- Capsule lifespan: 30 wake-ups
- 1 Mint capsule included
- 2 year warranty
- Dim.: 100 x 105 x 102 mm

## A WORD **FROM THE** DESIGNER

Working in collaboration with JVD, we developed a product specially designed to meet the needs of the hotel industry so as to satisfy the sector's need for innovation in the pursuit of new user experiences.

Guillaume Rolland Bescent CEO

## **MUSE ALARM STATION**

RFF 8 66 1610 Muse Round Bluetooth Alarm Station

+ REF 2 10 2097 Anti-theft System

### **PRODUCT ADVANTAGES**

- Created for hotels: non-repeatable alarm / rechargeable battery
- Integrated mobile phone charging
- High quality of stereo sound

### **CHARACTERISTICS**

- Power supply: 220-240 V / 24 W
- 2 USB ports and 2 quick charge cords (2.0 A)
- Bluetooth 4.0
- LCD display
- Double 5 W stereo speakers
- System with 2 rechargeable batteries in case of an automatic power cut

maximum volume setting / nonrepeatable alarm / integrated battery / Bluetooth system limited

- Anti-theft system (optional)
- 2 year warranty
- Dim.: 180 (H) x 180 (L) x 40 (D) mm

## **ZOUK DOCKING STATION**

## RACK WOODEN LUGGAGE

REF 8 66 196 Rubberwood Luggage Rack

**PRACTICAL** ASYMMETRICAL TO AVOID CONTACT WITH THE WALL

**ULTRA-STURDY** 4 HIGH-STRENGTH STRAPS (220 KG)

ANTI-BACTERIAL BACTERIA RESISTANT WOOD

## **PRODUCT ADVANTAGES**

Extremely compact when folded (just 3.5 cm)

No contact with the wall

Patented model

- Made of exotic water and bacteria resistant wood
- 4 high-strength straps
- Payload: 220 kg
- Unfolded dim.: 632 (L) x 517.5 (H) x 558 (D) mm
- Folded dim.: 632 (L) x 754 (H) x 35 (D) mm
- Material: black rubberwood

## RACK MODERN METAL LUGGAGE

NEW

REF **8 66 1530** Modern Metal Rack Black

### **PRODUCT ADVANTAGES**

- Compact
- 4 high-strength synthetic leather straps
- Contemporary design
- Ultra-sturdy

### CHARACTERISTICS

- Material: epoxy steel
- Finish: glossy black
- 4 brown synthetic leather straps
- Folded dimensions: 515 (L) x 612 (H) x 45 (D) mm
- Unfolded dimensions: 515 (L) x 465 (H) x 405 (D) mm

## RACK METAL LUGGAGE

### **PRODUCT ADVANTAGES**

- With or without back
- Compact when folded
- Chrome, gold or copper finish

## CHARACTERISTICS

- Steel tubes: Ø 25 mm (1 mm thick)
- 4 high-strength straps + 2 tie-down straps
- Payload: 220 kg

Rack:

- Unfolded dim.: 665 (L) x 500 (H) x 400 (D) mm
- Folded dim.: 90 (L) x 630 (H) mm

Rack with back:

- Unfolded dim.: 675 (L) x 705 (H) x 520 (D) mm
- Folded dim.: 100 (L) x 860 (H) mm

## **BRILLIANCE TORCH**

REF **8 66 1227** Brilliance Torch

AUTO ON/OFF

## **PRODUCT ADVANTAGES**

- Auto on/off
- Powerful light (13 LEDs)
- No electrical connection (runs on 3 AA batteries, not included)

- Bulbs: 13 LEDs
- 2 year warranty
- Dim. (torch): 50 (Ø) x 190 (H) mm
- Dim. (torch + base): 60 (Ø) x 190 (H) mm

## ROUND SORTING BIN WITH 2 CONTAINERS

## **RANGES**

JVD offers a broad selection of equipment, lines and colours to adapt to your environment and make it unique. Thanks to our mastery of product design to production, JVD is the only manufacturer able to offer matching sets ranging from hand dryers to toilet roll dispensers by way of soap dispensers.

## **BLACK COLLECTION** RANGE

Black has the virtue of endowing an object with a more qualitative value. Whatever the ambiance of the place, black products can fit in easily (and can be either discreet or highly visible). The matte aspect amplifies the qualitative side of the product and makes the solution less dirty and more scratch resistant. Ever in pursuit of solutions which can minimize our environmental impact, the black color has given us the opportunity to use recycled plastic.

## **METAL RANGE**

The use of stainless steel and simple lines for this range gives it a robust appearance. Conversely, the opening for a more carefully worked view of the levels adds a touch of refinement to the design. The final solution is a perfect match for heavy traffic locations

## YALISS RANGE

The more pronounced character of the Yaliss range seeks to give your washrooms a new image between gentleness and liveliness. The products provide new responses to broader requirements: larger capacities, universal or removable cores and improved hygiene, whilst retaining all the qualities of the Cleanline range (ease of use, personalization, etc.). To date, this is the most complete range for fitting out your washrooms.

## **CLEANLINE RANGE METAL GREY**

The metallic finish is essential, classic and highly valued. This range personalizes and enhances any place where it is installed. It's truly the finishing touch! Rarely discreet, the use of light and sheen serves to underscore the careful design of the products.

## **CLEANLINE** RANGE WHITE

The Cleanline range was designed to be both classic and timeless. Its rounded shapes and straight sides allow it to fit seamlessly and discreetly into any type of washroom. Its bevelled edges endow it with modernity and character. Its charcoal grey base seems to lighten up the volume. The range's success hinges on the possibility of personalizing the appliances with our clients' logos, as well as their simplicity and practicality.

## **KIDS RANGE**

## **COMMUNAL HAIR DRYERS**

Whether installed at a swimming pool, a gym or a spa, our hair dryers will adapt to any environment.

## **ERGONOMIC** USE

When they are optimized to adapt to all ages thanks to their adjustable height and 180° rotation, hair dryers become much easier to use.

## **GUARANTEED** QUIET

At just 70 dB, the Neptune hair dryer is fitted with an extremely efficient, smart motor. It is so quiet that its presence may even be forgotten, wherever you install it.

## Rethink your users' comfort by offering them the only communal hair dryer that moves for you!

The Neptune guarantees the "wow" factor amongst our users! The adjustable height and above all the 180° rotation make for a highly innovative concept. Aesthetically pleasing and much quieter than the competitors, it is also very convenient for cleaning. With nearly 300,000 visitors annually, we needed equipment which would be fast and easy to install and maintain. The on/off switch is a real plus, because it allows us to isolate the hair dryers, one by one. Pleasant to use and easy to maintain: we've received nothing but positive feedback. "

> Serge Lucas Water Complex Director Town of Cesson-Sévigné

## ROBUSTNESS

Corrosion resistant in chlorinated atmospheres, fitted with an IK10 ABS cover and an induction motor to handle intensive use: choosing Neptune also means opting for performance.

## **DID YOU KNOW?**

The choice of name for our new hair dryer was no matter of chance. Favet Neptunus Eunti is the motto of the city of Nantes. The Latin phrase means "Neptune favours those who dare" or "May Neptune favour the traveller". Created by our own Engineering Department, our hair dryers are made in France, in Nantes!

## **COMMUNAL HAIR DRYERS**

## **NEPTUNE**

## **PRODUCT ADVANTAGES**

- Adjustable height
- 180° rotation
- Quiet (70 dB)
- Longevity (induction motor)
- Corrosion resistant in chlorinated atmospheres
