

THE **FRENCH** *TOUCH*

THE HOSPITALITY EXPERIENCE

In JVDs Hotels universe, accessories make each room unique and transform a hotel stay into a delightful experience in itself.

Every day, we innovate to provide hotel guests with accessories that combine functionality, safety and ergonomics.

JVD's Hotels accessories have become a delight for hotels and travellers around the world.

Visit our website for more information

General Disclaimer

Reasonable efforts are used to include accurate and up-to date information in this catalogue. They may contain technical inaccuracies or typographical errors. We do reserve the rights to change the information without prior notification or any obligation. In no event will JVD or its subsidiaries be liable to any part for any damages whether direct or indirect, consequential, punitive or others for use of its contents.

As part of our environment friendly approach, JVD would like to invite all our partners and customers to ensure we have their e-mail address to send this directly in electronic format.

At JVD, there is no room for boredom. We are proud to present our catalogue of 2020 collections to you, just brimming with new items: JVD does not believe in simply copying and pasting! Our team have been working tirelessly in Nantes, Singapore, Alicante and Mexico City to offer you and your customers enhanced well-being.

User comfort is our priority. With our products, we celebrate the "French touch" (French-style hospitality). Our hotel collection focuses the customer experience on the five senses so that a hotel stay can become a sensory experience synonymous with well-being. You will find those promises of poetry as you flip through this catalogue. Between light, reduced noise, ergonomics and more, our accessories innovate to satiate the senses.

Innovation at JVD is also aimed at sustainability. Each product in this catalogue was designed to last and to be recycled, and all our manufacturing processes are carefully considered in order to reduce their impact on the planet. Because JVD is an engaged company, now more than ever.

Our team has expanded to include new people and new expertise so that we can continue on our trajectory and always satisfy you. JVD's products are designed for you, and thanks to you, we are able to enhance them. We are here to listen to you so we can understand your needs. We also hope to surprise you with our 2020 collection.

Thank you for trusting us with your business.

Thierry Launois,
JVD CEO

INNOVATION IN THE SERVICE OF WELL-BEING

The strength of JVD resides in our provision of accessories adorning hotel rooms around the world for more than 30 years. JVD accessories help to personalize hotel rooms, giving them the final touch to ensure guests' well-being. Accessories are what truly make a difference.

VALUES AND TALENT

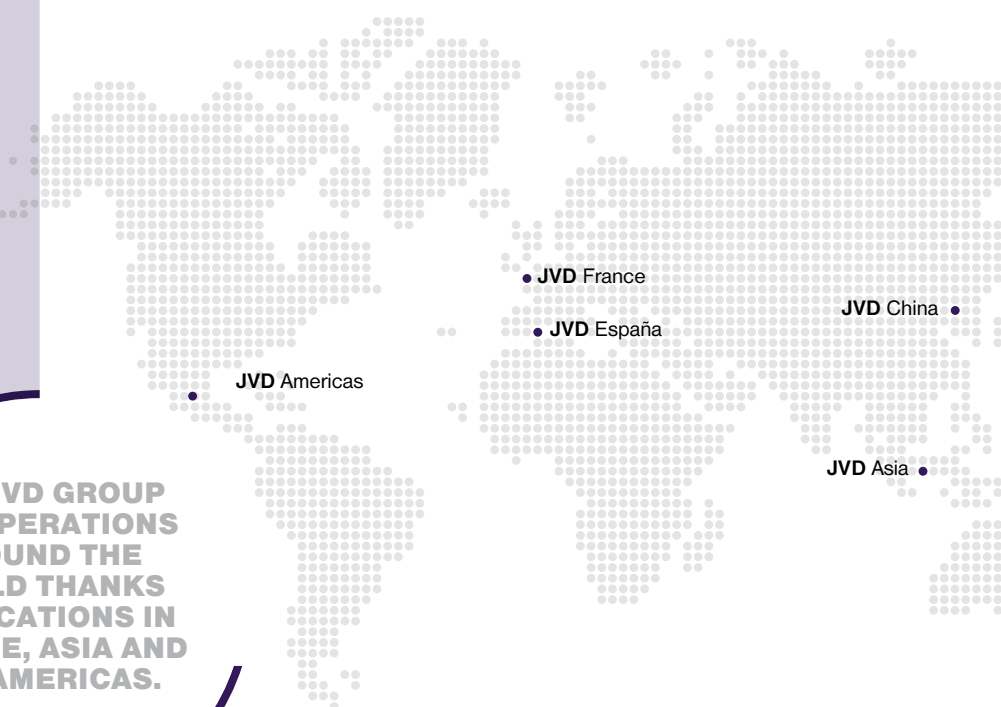

KNOW-HOW

Backed by 35 years of experience, our teams have fully mastered the design and manufacturing processes. Our teams conceive, design, manufacture and rigorously test our products. From receipt of the smallest component to customer service, our solid industrial processes guarantee the quality you have come to expect from JVD. We want to provide all our clients with the best possible service and to offer everyone products which are useful, ecological, practical and attractive. 40,000 hand dryers and 400,000 paper and soap dispensers are produced each year at our site in Rezé, in France's Loire-Atlantique Department.

THE JVD GROUP
HAS OPERATIONS
AROUND THE
WORLD THANKS
TO LOCATIONS IN
EUROPE, ASIA AND
THE AMERICAS.

RESPONSIBILITY

In an era when planned obsolescence has become the norm, JVD is committed to providing sustainable products to our clients. We are convinced that the strategy of today should be to improve the strategy of tomorrow. Between design, manufacturing, transport, use, customer service and recycling, each step in JVD's production of our accessories is organized down to the smallest details so as to conserve resources. All the employees at JVD now are driven by a commitment to our planet's future.

INNOVATION

Our power of innovation is enriched by 35 years of expertise on our R&D team and by our partnerships. Our in-house R&D team continuously develops new solutions to put innovation to work for user well-being. Over the years, our research office has worked with the biggest names and fresh talent from French industry to create enhanced-performance hygiene and hotel equipment and accessories. The result of three years of internal research, followed by close collaboration with future users, Hygiaconnect is the embodiment of JVD's innovativeness. With the rapid advancement of smart cleaning, JVD is inventing the hygiene of tomorrow, today.

NUESTRA HISTORIA

1984	1988	1991	1997	1999	2006	2007	2015	2018
Creation of JVD	JVD develops its first hand dryer and becomes a manufacturer	JVD develops its first hair dryer	JVD creates its own Engineering Department	Creation of JVD Asia subsidiary in Singapore	JVD creates its own integrated design service	Creation of JVD España subsidiary in Spain	Creation of JVD Americas in Mexico	Launch of HygiaConnect, the world's first connected hygiene platform

COMMITMENT TO RESPONSIBILITY

Eco-responsibility has become one of JVD's pillars in recent years. The company's commitment on this subject only grows stronger every day and now concerns each of its different levels. JVD is dedicated to the idea of transmission and makes it a point of honour to play an active role in an ecological transition which looks out for everyone's well-being.

BORN TO BE GREEN

You might think we're mad but, if our products lasted 20 years without you having to replace them, we would be thrilled! At JVD, we design quality products meant to withstand the test of time.

1

WORKING AND PRESERVING

We are convinced that the strategy of today should be to improve the future of tomorrow. All the teams at JVD strive actively to think of everything and to make a real difference. From design to manufacturing, transport to use and customer service to recycling, we know that each detail counts.

2

ECO-DESIGN

Kettles which come in smaller sizes help to reduce water usage, minibars fitted with a heat absorption system which generates no greenhouse gases, and trays made of FSC certified wood (from sustainably managed forests).

CONTENTS

3

RAW MATERIALS AND PARTNERS

Whenever possible, we prioritize partners located as close as possible to our production unit so as to reduce the environmental impact of our transport.

For years, we have been striving to ensure that expertise endures and so encourage our suppliers' capacity for innovation. Out of concern for our social impact, we work with associations from the social and solidarity economy.

4

MANUFACTURING

All our waste is sorted and collected before being sent to a treatment and recycling centre. For example, we reuse our suppliers' cardboard boxes for our shipments, and we grind used paper and then use it as wedges for our shipped products. What about the rest? It is recycled or reused by other companies in the region!

5

LOGISTICS

Our packaging is designed with a twofold objective: to protect the integrity of the transported goods and to serve as an installation diagram. These simple, sensible optimizations further reduce our carbon footprint.

6

COMBATING PLANNED OBSOLESCENCE

At JVD, our products are designed and tested to be repairable and to repair them. Our appliances' spare parts are available for 10 years. Quality products meant to work and be used for the long term.

LIGHTOUCH® RANGE HAIR DRYERS

LIGHTOUCH RANGE

The LighTouch range was designed to respond specifically to how hair dryers are used in hotels. The patented handle has already won over thousands of hotels around the world. The many different options in terms of power, colour and support ensure that we have the right solution for any environment.

ALTEO PLUS

REF 8 22 1044
ALTEO 1875W, Black
+ curly cord & plug
UPC 12

REF 8 22 1043
ALTEO 1875W, White
+ curly cord & plug
UPC 12

PRODUCT HIGHLIGHTS

- Power 1875W
- Patented LighTouch® handle which switches on by gently squeezing the handle
- Fitted with a negative ionizer for frizz-free hair

SPECIFICATIONS

- Power: 220~240V, 50/60Hz
- Power rating: 1875W
- Patented LighTouch® handle
- 2 airflow settings
- 3 temperatures with cold shot
- In-built negative ionizer
- Spiral cord 40cm extendable
- Over-heating protection
- Removable nozzle & back filter
- Isolation electric Class II
- Dim. H205/L245/D84mm

BRITTONY

REF 8 22 1047
BRITTONY 1600W, Black
+ curly cord & plug
UPC 12

REF 8 22 1046
BRITTONY 1600W, White
+ curly cord & plug
UPC 12

PRODUCT HIGHLIGHTS

- Power 1600W
- Patented LighTouch® handle which switches on by gently squeezing the handle
- Fitted with a negative ionizer for frizz-free hair

SPECIFICATIONS

- Power: 220~240V, 50/60Hz
- Power rating: 1600W
- Patented LighTouch® handle
- 2 airflow settings
- 3 temperatures with cold shot
- In-built negative ionizer
- Spiral cord 40cm extendable
- Over-heating protection
- Removable nozzle & back filter
- Isolation electric Class II
- Dim. H196/L210/D75mm

The SMARTER CHOICE.

IRON CENTRE

IRON STEAMER

FAST & EASY ... EVERY TIME

VELYSS handheld steamer

There is no longer a need to worry about burning fabrics, wrong heat setting for different fabrics or even getting a good ironing board.

JVD Velyss handheld steamer takes care of all that.

JVD Velyss handheld compact steamer is a 2-in-1 steamer that works as a fabric steamer and also a steam iron.

REF **8 66 1773**
VELYSS Iron Steamer
Dark Grey
UPC 6

Wall-mounted holder with hook allows wall-mounting or hanging for easy storage

PRODUCT HIGHLIGHTS

- No risks of creasing or burning - Simple to use with 2 pre-set steam output to remove crease.
- Less waiting time - Generates steam within 30 seconds.
- Huge Convenience - Purpose-built wall-mounted holder with hook allows wall-mounting or hanging for easy storage

SPECIFICATIONS

- 220-240V, 50/60Hz, 1500W
- Constant steam temperature 110°C
- Two pre-set steam output level
- Automatic power-off after 5 minutes of inactivity
- Ceramic soleplate
- Transparent water tank 300ml
- Power cord & steam cord 1.8m
- Steamer H310/W100/D90mm, 0.67 kgs
- + holder H450/W125/D130mm, 1.87 kgs

Constant steam temperature and up to 30g/mins of steam output ensure deep steam penetration to remove creases effortlessly.

Filter sponge and high temperature help to eliminate bacteria.

- Easy water filling;
1. Press water tank to dislodge
 2. Retrieve water tank and fill with water
 3. Push in water tank to affix

DESKTOP WIRELESS CHARGING

PHANTOM BEYOND CONVENIENCE

Introducing the Phantom wireless charger for the tech savvy. It can turn any meeting table, bedside table or restaurant bar table into a wireless charging hub; providing a valuable charging facility to your guests/customers.

The smart technology behind the PHANTOM wireless charger allows it to be completely concealed under the table/furniture. No hole cut-outs on furniture are required. Just simply install the device under the surface of your table or any furniture via screws and plug it to the power mains. Simply place your Qi-enabled mobile device on the table above the charger pad provided, and the Phantom will be able to charge it with its ultra long penetration range of up to 35mm.

The Phantom is a fast; wireless charging at 10 watts for most Qi-compatible smartphones. The smart eco-design ensures that the charger stay cool during use.

REF 8 66 1686
PHANTOM
UPC 12

Adhesive surface pad can
be customized

Easy to install. The charger mounts under the table using adhesive or screws. There is no drilling or cutting of holes required on the furniture.

Does not occupy any table space and no unsightly cables.

PRODUCT HIGHLIGHTS

- Automatic detects Qi-equipped phones
- Fast wireless 5W charging
- Smart eco-design

SPECIFICATIONS

- Input: 220-240V 24W, Output: 12V
- Adaptor 12V included
- Weight 350gm
- Effective range 15mm~35mm
- Effective charging surface Ø20mm
- Easy installation; no drilling or cutting
- Auto detect Qi-equipped phones
- Fast charging at 10 watts
- Smart eco-design that keeps charger and phone cool during use
- Auto sleep mode
- Working parameters: 115k-140kHz
- Certifications: FCC/CE
- Charger dim. H450/W120/D200mm

SAFES

SAFES

JVD safes are synonymous with having a peace of mind. With JVD safes, your guests can enjoy a robust, secure solution for their valuables. JVD provides an easy yet comprehensive and secure solution for both guest users and hotel operator.

INTELLIGENT

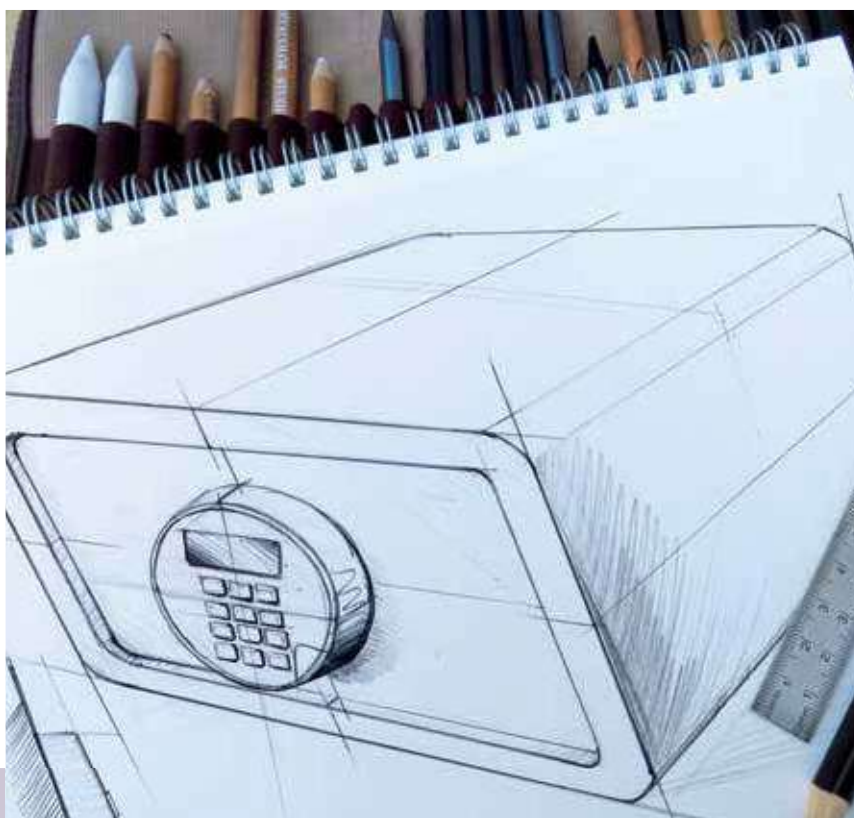

JVD safes are programmed with security lockout system and equipped with integrated anti-tamper labyrinth against physical attacks

SECURE

JVD safes are a testimony of JVD's continuous efforts to utilise the latest technological advancement and techniques to stay ahead in guestroom security and enhance the pleasure of every JVD safe user.

LUXURIOUS

JVD safes are user-friendly. They offer impressive benefits of lighted buttons and internal lighting, making our safes a luxurious amenity for your valued guests.

A WORD FROM THE DESIGNER

JVD's Fortress safe embodies a spirit of closure and assurance in its design and utility.

Thanks to a very refined treatment of the design, the product possesses a very modern, timeless dimension. Two other strengths make the Fortress rather ingenious; the very discreet grip to the left plate and a slightly lifted keypad to improve ergonomics when the safe is installed at a low height.

Jean-Guy de Russé

SMART

Emergency openings can be carried out with our Prolog service device. Safe openings and closings are recorded in the audit trail feature.

SECURE

In-room security is serious business... You need a Serious Partner.

JVD safes are a testimony of JVD continuous development in good technology and new techniques to enhance the pleasure and safety in in-room security.

INTELLIGENT

JVD safes are powered by advance electronic system engineered to provide maximum security and convenience.

They are equipped with anti-tamper labyrinth, security lock-out and audit trail features giving users peace of mind.

LUXURIOUS

JVD safes offer impressive benefits and a better way to further extend your hospitality to your valued guests. It is a long term investment in quality.

User-friendly functions, lighted keypad panel and internal light, etc make the JVD safes a luxurious amenity for guests.

MINIBARS

MINIBARS

THE RIGHT MINIBAR

JVD minibars are fitted with next-gen smart technologies. Whether they are thermo-absorption, heat-absorption or smart-compressor systems, our minibars are eco-friendly and reliable.

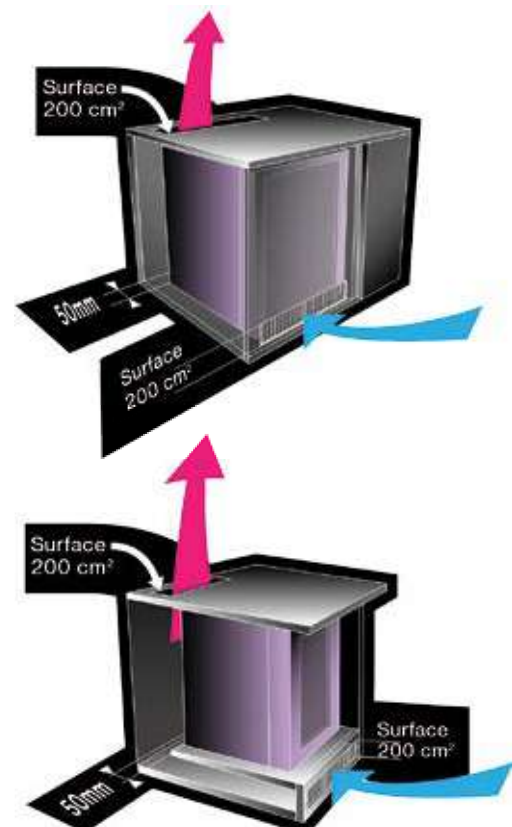

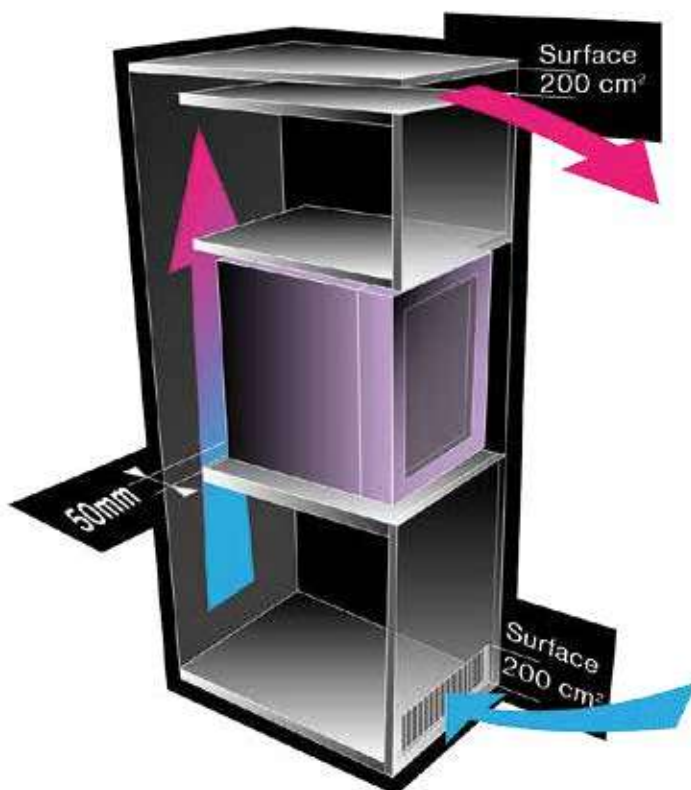

JVD minibars are completely silent during operation, offering maximum comfort to your staying guests. They are available in different capacity to suit your cabinet fittings and come complete with LED interior lighting as well as quality lock. Purchasing a JVD silent minibar is a long-term investment in quality.

Ventilation Requirement

When integrating the minibar into your hotel room cabinet, it is crucial that the surrounding area of the minibar must have unhindered airflow and good heat dissipation.

To achieve the best cooling performance and optimal lifespan, the minibar needs at least 200cm² free air inlet. This space should be kept constant until the air outlet at the top of the cabinet surface. The rear of the minibar should also be at least 50mm clear from the furniture wall.

***Your Security,
Our Priority***

ELECTRONIC DOOR LOCKS

Durability and Strength

Since 1984, our expertise in manufacturing has put us in good stead to deliver high quality electronic door locks to the hospitality industry. The combination of experience, first-class manufacturing facilities, finest raw materials and continued interaction with our customers allow us to stay ahead. To develop security solutions to cater to the different needs of our customers.

Tested against CE, SS and EN Standards, JVD's electronic locks and handles are proven to match the most demanding standards of the industry. Every lock consists of a heavy duty mortise lockcase and a sturdy escutcheon attached with self-lubricating handle. This enable maximum security and comfort in every door access.

Reliability through Innovation

Our relentless dedication towards research and development in more than 3 decades have been crucial for us to unlock new and better ways to secure properties.

As new threats to security solutions surface every year, JVD is committed to offer reliable security to both hotel operators and guests. Our technical expertise, experience and modern technology have resulted in a highly adaptable and reliable.

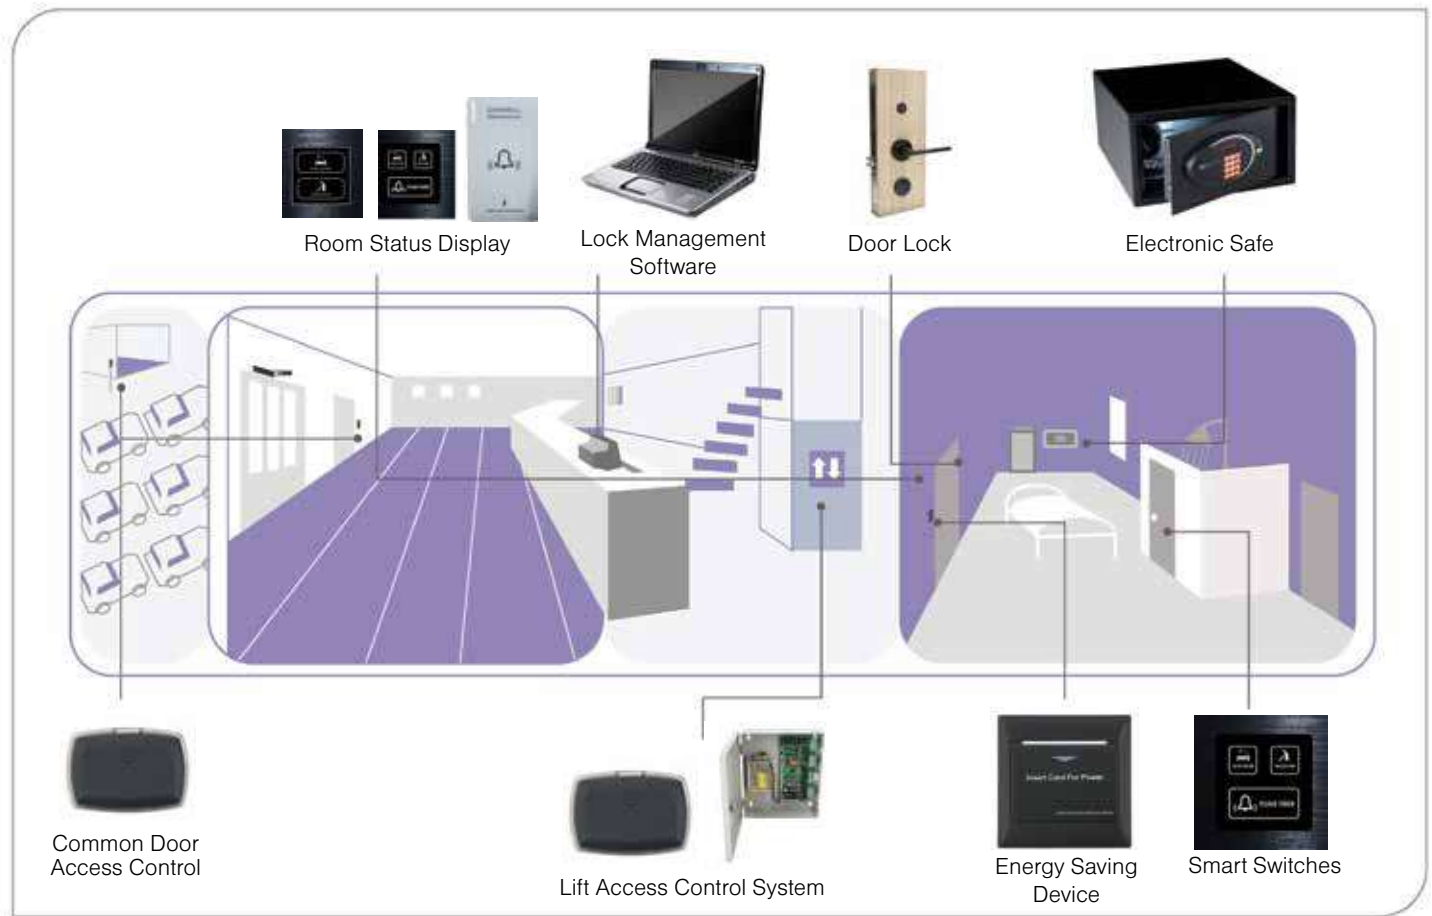

Artistry and Functionality

At JVD, we believe that functionality is only wholesome when taken into consideration its aesthetics and design relative to its operating environment. Similarly, as solid as it should be, the design of door locks can be creative and aesthetically matched with its hotel environment.

With a wide range of surface finishes and handle options, JVD electronic door locks are highly capable in matching up to the creative concepts and designs of hoteliers, architects and interior designers.

JVD electronic locks and operating system are complete with value-added features and adaptable system capabilities. They are highly secure, programmable and easy to use with the proximity RFID technology. The system is menu-driven, convenient and highly intuitive. It can be interfaced with other hotel systems.

ELECTRONIC DOOR LOCKS

JVD's Midas Access Control System offers the complete package to any hotel operators and owners alike. A single system that is complete with many smart products and accessories that would make the stay of any guests and hotel staff more comfortable and secure.

Common door access control only allows guests or authorised staff entry into restricted public spaces like gyms, club lounge, staff facility, car parks, lobby entrances etc. They can be programmed to specific day and time of access and provides audit trail records of entries.

Lift access control system only allows guests or authorised staff access into specific floors. Only with a validated guest keycard, can the guest gain access to their designated floors. The guest keycard can also be programmed to gain access to multiple designated floors.

JVD's Midas Electronic Door locks and JVD Safes form an integral part of guestroom security and privacy for the hotel guests, allowing only validated access to the room and personal belongings respectively.

Room display indicators serve to make guest living more comfortable by letting operators know the guest preferences without being too intrusive; Do-Not-Disturb or Make Up Room Service.

Energy saving devices serve to power up the room when guest returns to the rooms and turns off the powers when guest exits the room. This allows for more efficient running of the property leading to financial savings in electricity bills.

ELECTRONIC DOOR LOCKS

SPECIFICATIONS

- ANSI Grade 1 (ANSI 156.25) electronic lock. CE and EN TESTED.
- Full mortise with 1 inch deadbolt, 3/4 inch latch and anti-pick mechanism
- Full Stainless Steel 304 anti-fingerprint body panel, handle and mortise
- Long lasting escutcheon and durable handle levers
- Dual technology works with RFID Mifare standard 1k and 4k Mifare credentials.
- Last 830 transaction audit memory in the lock
- Last 256 transaction audit memory stored on all staff cards
- Powered by 4 standard alkaline batteries
- Power-coated in Black finish
- Also available in Satin/Polish Chrome, Satin/Polish Brass.

FEATURES

- Electronics are coated with anti-humidity proprietary solution
- Coated with anti-fingerprint finish
- Each guest card has the option to add up to 7 additional guest rooms, plus all common areas and special VIP areas
- Guest cards can be programmed to open an individual lock or multiple rooms or locks within a property. For example, meeting areas can be added to the guest card or a club lounge, swimming pool, health club etc.
- System allows the option for guests and staff to use cards, key fobs or wrist bands
- Guest and standard staff cards cannot override deadbolt, visual signal given (flashing red light) if deadbolt in use
- Staff cards can read, write and record when used
- Master card and mechanical key overrides all locks where deadbolt is in use
- Infra-red programming and interrogation, no cable connection or data port on the lock
- Visual and audible low battery signal on lock during last 100 times opening
- Staff cards can be timed and set to operate on chosen dates and time

MIRRORS

MIRRORS

Our mirrors are the result of a special alchemy melding innovation, performance and design. They invite guests to enjoy a unique experience with complete simplicity.

NO ELECTRICAL CONNECTION REQUIRED

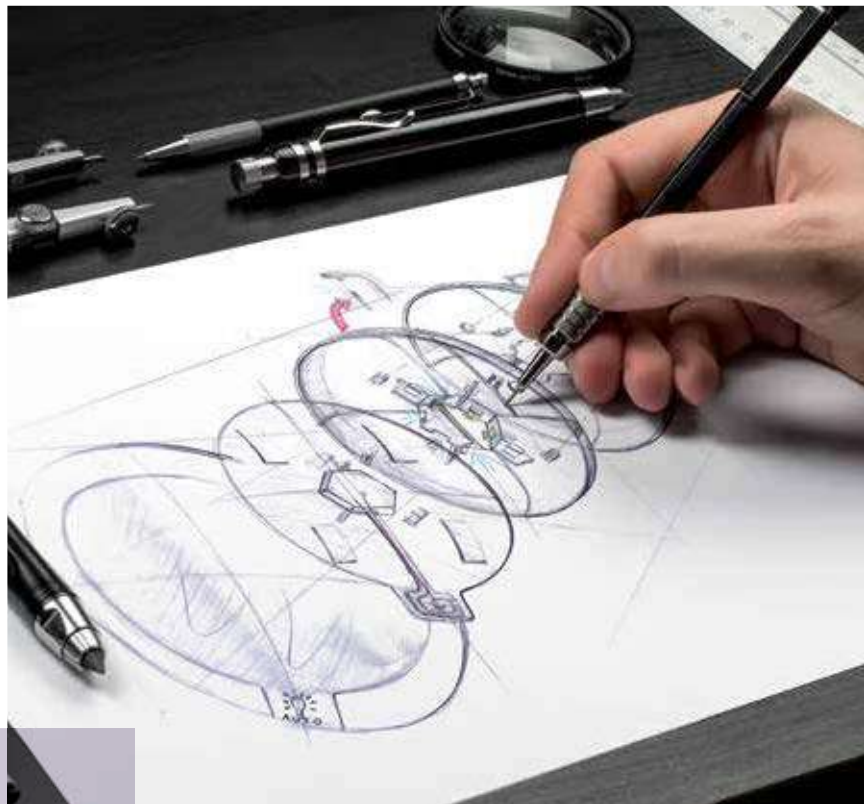

Our Cosmos, Galaxy and Eclips mirrors run on a lithium battery and a 3 minute auto-off system ensuring longevity of 3 to 5 years. Offering complete electrical safety, they can be installed in any volume area of the bathroom.

DESIGNED IN FRANCE

The range of battery-operated mirrors are developed by our Design Department in Nantes, specifically for use in hotel bathrooms.

TILTABLE TO ANY ANGLE

Thanks to their double or triple rotational axis, our mirrors offer your guests the best possible reflection.

A WORD FROM THE DESIGNER

Mirrors invite us to enter a new dimension. The magnifying function of a mirror allows us to enter into a universe where everything is bigger. I wanted this voyage to take us even further, so I drew inspiration from flying saucers in designing this mirror. I added a revolutionary battery operated "motor", unique on the market. I structured the whole thing around a chrome base, to which I added a ring of light like the ones around Saturn. And lastly, I added an almost magical capacitive switch.

Jean-Guy de Russé

ECO-RESPONSIBLE

Our illuminated mirrors are fitted with LED lighting to maximize their lifespan without having to change the bulbs and to reduce their energy consumption.
