

SAN600

SANibox 600 Drying Cabinet – Steel

The SANibox 600 steel cabinet ensures fast drying and deodorizing of PPE and clothing. Robust and easy to clean, it is ideal for demanding environments: waste management, water treatment, sports, and leisure.

PHOTO NON CONTRACTUELLE

PRODUCT PLUSES

- Hot-air drying (drying temperature $< 45^{\circ}\text{C}$) in 45 minutes (perspiration) to 2h30 (soaked), ensured by a ventilation system combined with a heating element.
- Deodorization by ozone, without chemicals.
- Start-up via push-button with timer, or automatic cycles using a programmable timer.
- Welded single-piece construction with a 1.2 mm galvanized steel air distribution box.

MADE IN FRANCE

SAN600

SANibox 600 Drying Cabinet – Steel

Version dated	28/05/2026
Programming	Yes
Drying	Yes
Deodorization	Yes
Color	Blue
Direct drainage	No
Drying time (s)	2700
Steel body thickness (mm)	1.2
Air outlet temperature (°C)	45
Safety in case of malfunction	Yes
Filter	HEPA filter
Temperature (°C)	45
Power consumption during operation (W)	1100
Power supply	230V
Frequency (Hz)	50-60
Product height (mm)	2100
Product width (mm)	600
Product depth (mm)	600
Net Weight (kg)	75
Accessories Included	2 Clothes hanger rods Double shelf for shoe storage Stainless steel glove holders Lock with padlock capability
Optional Accessories	Sloped roof Controlled by HYGIconnect system
Material	Epoxy-coated steel
